Sommario/riassunto	`Very accessible - not too technical or jargon-ridden. The practical suggestions were useful too - if professionals feel inspired to promote change in their practice and policy it is helpful to have suggestions on where to start and what to do' - Management in Education Few primary teachers have a chance to find out in detail what children have

already learnt, and continue to learn, about literacy at home with their parents. This book gives a clear demonstration of literacy learning that takes place at home, and how it differs from, as well as relates to, lite
