Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. 61-68).
Sommario/riassunto	Proposals for screening pregnant women and newborns for HIV infection have provoked much controversy. This volume analyzes the possible goals of such screening programs and assesses whether these goals can be achieved. It also provides guidance to policymakers in developing and implementing sound screening policy.
