

1. Record Nr.	UNINA9910778504103321
Titolo	Fostering flexibility in the engineering work force [[electronic resource] /] / Committee on Skill Transferability in Engineering Labor Markets, Office of Scientific and Engineering Personnel
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, 1990
ISBN	1-280-21249-7 9786610212491 0-309-54346-0 0-585-14402-8
Descrizione fisica	1 online resource (180 p.)
Disciplina	331.1252
Soggetti	Engineering - Employment - United States Engineering - Research - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
