| Sommario/riassunto      | While America is focused on religious militancy and terrorism in the<br>Middle East, democracy has been under siege from religious extremism<br>in another critical part of the world. As Nussbaum reveals in this<br>penetrating look at India today, the forces of the Hindu right pose a<br>disturbing threat to its democratic traditions and secular state.<br>Nussbaum's long-standing professional relationship with India makes<br>her an excellent guide to its recent history.                |
