

1. Record Nr.	UNINA9910778658803321
Titolo	Coatings for high-temperature structural materials [[electronic resource]] : trends and opportunities // Committee on Coatings for High-Temperature Structural Materials, National Materials Advisory Board, Commission on Engineering and Technical Systems, National Research Council
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, 1996
ISBN	0-309-17602-6 1-280-19269-0 9786610192694 0-309-57825-6 0-585-03708-6
Descrizione fisica	1 online resource (101 p.)
Soggetti	Heat resistant materials Refractory coating Gas-turbines - Blades - Materials
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.
