

1. Record Nr.	UNINA9910778663203321
Titolo	Materials for high-temperature semiconductor devices [[electronic resource] /] / Committee on Materials for High-Temperature Semiconductor Devices, National Materials Advisory Board, Commission on Engineering and Technical Systems, National Research Council
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, c1995
ISBN	0-309-17605-0 1-280-19276-3 9786610192762 0-309-59653-X 0-585-08469-6
Descrizione fisica	1 online resource (135 p.)
Disciplina	621.381/2
Soggetti	Semiconductors Materials at high temperatures Wide gap semiconductors
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"NMAB-474."
Nota di bibliografia	Includes bibliographical references.
