

1. Record Nr.	UNINA9910778668803321
Titolo	Aviation safety and pilot control [[electronic resource]] : understanding and preventing unfavorable pilot-vehicle interactions / / Committee on the Effects of Aircraft-Pilot Coupling on Flight Safety, Aeronautics and Space Engineering Board, Commission on Engineering and Technical Systems, National Research Council
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, c1997
ISBN	0-309-17508-9 1-280-21055-9 9786610210558 0-309-59677-7 0-585-09098-X
Descrizione fisica	1 online resource (220 p.)
Disciplina	629.132/52
Soggetti	Airplanes - Design and construction Airplanes - Piloting - Human factors Aeronautics - Safety measures
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. 203-208).
