The silences of capital / M.A. Lebowitz -- Chapter Seventeen. Beyond the capital of Uno-ism / M.A. Lebowitz -- Chapter Eighteen. Situating the capitalist state / M.A. Lebowitz -- Chapter Nineteen. The politics of assumption, the assumption of politics / M.A. Lebowitz -- Bibliography / M.A.

Sommario/riassunto

What does it mean to follow Marx? In this examination of Marx's methodology combined with specific applications on topics in political economy such as neo-Ricardian theory, analytical Marxism, the falling rate of profit, crisis theory, monopoly capital, Paul Sweezy, advertising and the capitalist state, this volume argues that the failure to understand (or explicit rejection of) Marx's method has led astray many who consider themselves Marxists. By focusing particularly upon the concept of a totality and the necessary form of appearance of capital as many capitals in competition, Following Marx both demonstrates why Marx insisted that 'in competition everything is reversed' and provides a guide for following Marx.
