1. Record Nr. UNINA9910778709903321

Titolo	Design and analysis of integrated manufacturing systems / / W. Dale Compton, editor ; National Academy of Engineering
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, 1988
ISBN	1-280-21497-X 9786610214976 0-309-53544-1 0-585-08492-0
Descrizione fisica	1 online resource (248 pages)
Altri autori (Persone)	ComptonW. Dale
Disciplina	670.42/7
Soggetti	Computer integrated manufacturing systems Flexible manufacturing systems
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Papers presented, in part, at a conference held Feb. 25-27, 1987.
Nota di bibliografia	Includes bibliographies and index.
Nota di contenuto	""Design And Analysis Of Integrated Manufacturing Systems""; ""Copyright""; ""Contents""; ""Preface""; ""Integrated Manufacturing Systems: An Overview""; ""REFERENCES""; ""Manufacturing Systems: Meeting the Competitive Challenge""; ""REFERENCES""; ""Design and Analysis of Integrated Electronics Manufacturing Systems""; ""INTRODUCTION""; ""A LEARNING EXPERIENCE""; ""Do Not Accept Process Performance As It Is""; ""Do Not Do the Wrong Thing a Bit Faster""; ""Surviving a Model Change""; ""Avoid Suboptimal Use of Computing Technology""; ""The Culture Phenomenon""; ""DIRECTIONS"" ""A Corporate Focus"" ""A Manufacturing Technology Board""; ""A Corporate Manufacturing Officer""; ""A Manufacturing and Distribution Council""; ""Internal Manufacturing R&D Capabilities""; ""High-Visibility Projects""; ""Methodology""; ""PROGRAM IMPLEMENTATION""; ""SUCCESSES""; ""CONCLUSION""; ""NEEDS AND OPPORTUNITIES""; ""REFERENCES""; ""APPENDIX""; ""Engineering""; ""Capacity""; ""Simulation Models""; ""Design""; ""Operations""; ""Data Analysis and Monitoring""; ""Quality""; ""Reliability""; ""Scheduling""; ""Flexible Machining in an Integrated System""; ""INTRODUCTION"" ""PLANNING THE SYSTEM"" ""The Factory Automation Life Cycle"";

""Candidate System""; ""System Specification""; ""Cost/Benefit Analysis""; ""Development System""; ""Cost/Benefit Verification""; ""Implementing the System""; ""Cost/Benefit Tracking""; ""OPERATIONAL EXPERIENCE WITH A FLEXIBLE MACHINING CELL""; ""A SECOND-GENERATION FLEXIBLE MACHINING SYSTEM""; ""FUTURE OPPORTUNITIES""; ""REFERENCES""; ""Material Handling in Integrated Manufacturing Systems""; ""INTRODUCTION""; ""WHAT ARE INTEGRATED SYSTEMS?""; ""THE BARRIERS TO CREATING INTEGRATED SYSTEMS""; ""DESIGNING INTEGRATED SYSTEMS""
""SELLING INTEGRATED SYSTEMS"" ""SPECIFYING INTEGRATED SYSTEMS""; ""IMPLEMENTING INTEGRATED SYSTEMS""; ""AUTOMATION'S REPORT CARD""; ""INTELLIGENT MATERIAL HANDLING""; ""Less Material Movement""; ""Less Material Storage""; ""Less Material Control""; ""MATERIAL HANDLING: ANALYSIS AND DEVELOPMENT""; ""The Status of Material Handling Analysis""; ""Material Handling Development Needs""; ""Systems Design Needs""; ""Interface Needs""; ""Hardware and Software Needs""; ""A RECOMMENDED APPROACH""; ""REFERENCES""; ""Designing an Information System for Integrated Manufacturing Systems""; ""INTRODUCTION""
""SYSTEM INTEGRATION"" ""Integration Criteria""; ""Subsystem Needs""; ""Data Consistency""; ""System Planning""; ""ARCHITECTURAL FRAMEWORK FOR CIM TECHNOLOGIES""; ""Distributed Systems""; ""Architecture for Distributed Open Heterogeneous Systems""; ""CONCLUSION""; ""REFERENCES""; ""Integration and Flexibility of Software for Integrated Manufacturing Systems""; ""INTRODUCTION""; ""SYSTEMS OF INTEREST""; ""A PERCEPTION OF CURRENT PRACTICE""; ""THE APPROACH TO SOFTWARE COMPONENTS AND THEIR ASSEMBLAGES""; ""EUCLIDEAN AND LOGICAL VIEWS""; ""Distributed Language Environment""; "Formal Semantic Models""
