Nota di bibliografia	Includes bibliographical references (p. 239-296) and index.
Nota di contenuto	pt. 1. Masculinities -- pt. 2. Legal discourses -- pt. 3. Medical discourses.
Sommario/riassunto	In this path-breaking history of manhood and masculinity, Angus McLaren examines how nineteenth- and twentieth-century western society created what we now take to be the traditional model of the heterosexual male. "Inherently interesting. . . . Exhibitionism, pornography, and deception all have their place here."-Library Journal "An appealing wealth of evidence of what trials can reveal about the boundaries of men's roles around the turn of the century."-Kirkus Reviews "It is difficult to imagine a better guide to the most notorious scandals of our great-grandparents' day."-Graham Rosenstock, Lambda Book Report
