| Nota di bibliografia | Includes bibliographical references and indexes. |
| Nota di contenuto | pt. 1. Construction and economic development -- pt. 2. Construction industry development : macro-level issues -- pt. 3. Construction development issues : key areas. |
| Sommario/riassunto | "Though the challenges confronting the construction industry in developing countries have grown, current research rarely presents effective solutions. This book focuses on the generic subjects relating to the construction industry in developing countries, and provides an up-to-date insight into important new concepts and issues"-- |
