Note generali	Companion volume to: From man to ape : Darwinism in Argentina, 1870-1920. c2010.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Darwin in Argentina -- Conflicting Systems -- Francisco Javier Muniz (1795-1871) -- Hermann Burmeister (1807-1891) -- Francisco P. Moreno (1852-1919) -- Domingo F. Sarmiento (1811-1888) -- Eduardo Holmberg (1852-1937) -- Florentino Ameghino (1854-1911) -- Jose Ingenieros (1877-1925) -- Carlos Octavio Bunge (1875-1918).
Sommario/riassunto	Treatments of the reception of Darwinism have focused on Western Europe and North America. This book turns to Argentina in the second half of the nineteenth century. Having hosted Darwin during the voyage of the Beagle, Argentina had a claim to being the cradle of Darwinism. Such claims, together with other cultural currents placed the appropriation or rejection of Darwinism at the center of the struggle to articulate the national identity of the emerging Argentine Republic. Two chapters of original historiography are followed by eight chapters of new English translations of primary sources from the Argentine

reception of Darwinism, including texts (by Domingo Sarmiento, Eduardo Holmberg, and others) well known to students of Latin American letters, but never before published in English.
