Sommario/riassunto	A Dan Josselyn Memorial Publication This facsimile edition of Moore's Georgia and South Carolina expeditions includes an extensive new introduction from Georgia's senior archaeologist. This compilation of Clarence Bloomfield Moore's investigations along the rich coastal and river drainages of Georgia and South Carolina makes available in a single volume valuable works published a century ago. By modern

standards Moore's excavation techniques were crude, but his results were nothing less than spectacular. He recorded data with care, and muc
