

1. Record Nr.	UNINA9910778881003321
Titolo	Dolphins and the tuna industry // Committee on Reducing Porpoise Mortality from Tuna Fishing, Board on Biology, Board on Environmental Studies and Toxicology, Commission on Life Sciences, National Research Council
Pubbl/distr/stampa	Washington, D.C. : , : National Academy Press, , 1992
ISBN	1-280-20310-2 9786610203109 0-309-55610-4 0-585-08535-8
Descrizione fisica	1 online resource (xii, 176 pages) : illustrations
Disciplina	333.95/9
Soggetti	Tuna fisheries - Environmental aspects Dolphins - Mortality Tuna industry - Environmental aspects
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. 120-128) and index.
Sommario/riassunto	Providing a comprehensive overview of the dolphin-tuna controversy, this book explores the processes of tuna fishing and dolphin mortality, the status of the tuna industry, and the progress made in reducing dolphin mortality through modifications in fishing practice. It is useful for animal protection groups, policymakers, regulators, and others.
