Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	The American privateers -- The captures -- Niles' comprehensive list of American prizes -- Appendices -- A: Captures by type -- B: Number of captures by each privateer -- Privateer captures by home port of privateer.
Sommario/riassunto	"Although American privateers had a far greater impact on the British merchant marine and the economy of Great Britain than the U.S. Navy, they have received relatively little scholarly attention. This work addresses this shortcoming by providing an accounting of all 241 American privateers during the war and a comprehensive list of all captures made by American forces"--Provided by publisher.
