Includes bibliographical references and indexes. Nota di bibliografia pt. 1. Theoretical issues -- pt. 2. Iliad -- pt. 3. Odyssey -- pt. 4. Nota di contenuto Language and formulas -- pt. 5. Homer and beyond. This volume aims at offering a critical reassessment of the progress Sommario/riassunto made in Homeric research in recent years, focussing on its two main trends, Neonalysis and Oral Theory. Interpreting Homer in the 21st century asks for a holistic approach that allows us to reconsider some of our methodological tools and preconceptions concerning what we call Homeric poetry. The neoanalytical and oral 'booms', which have to a large extent influenced the way we see Homer today, may be reevaluated if we are willing to endorse a more flexible approach to certain scholarly taboos pertaining to these two schools of interpretation. Song-traditions, formula, performance, multiformity on the one hand, and Motivforschung, Epic Cycle on the other, may not be

so incompatible as we often tend to think.
