Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	section a. Theoretical and historical perspectives -- section b. Identity intersections with masculinities -- section c. Effective interventions with college men.
Sommario/riassunto	Masculinities in Higher Education provides empirical evidence, theoretical support, and developmental interventions for educators working with college men both in and out of the classroom. The critical philosophical perspective of the text challenges the status-quo and offers theoretically sound educational strategies to successfully promote men's learning and development. Contesting dominant discourses about men and masculinities and binary notions of privilege and oppression, the contributors examine the development and identity of men in higher education today.
