

1. Record Nr.	UNINA9910779111803321
Autore	Gerteis Louis S
Titolo	The Civil War in Missouri : a military history / / Louis S. Gerteis
Pubbl/distr/stampa	Columbia, Mo. ; ; London, : University of Missouri Press, c2012
ISBN	0-8262-7274-6
Descrizione fisica	1 online resource (256 p.)
Collana	Shades of blue and gray series
Disciplina	977.8/03
Soggetti	Missouri History Civil War, 1861-1865 United States History Civil War, 1861-1865 Campaigns
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Introduction -- "Your first allegiance" -- "Formidable preparations ... by the enemy" -- "In the Valley of Wilson's Creek" -- "Tell my wife that I died like a brave man for Missouri" -- "There is no rebel flag now flying in Missouri" -- "He saw the rebellion vanishing before him" -- Conclusion.
Sommario/riassunto	Guerrilla warfare, border fights, and unorganized skirmishes are all too often the only battles associated with Missouri during the Civil War. Combined with the state's distance from both sides' capitals, this misguided impression paints Missouri as an insignificant player in the nation's struggle to define itself. Such notions, however, are far from an accurate picture of the Midwest state's contributions to the war's outcome. Though traditionally cast in a peripheral role, the conventional warfare of Missouri was integral in the Civil War's development and ultimate conclusion. The strategic battles fought by organized armies are often lost amidst the stories of guerrilla tactics and bloody combat, but in <i>The Civil War in Missouri</i> , Louis S. Gerteis explores the state's conventional warfare and its effects on the unfolding of national history. Both the Union and the Confederacy had a vested interest in Missouri throughout the war. The state offered control of both the lower Mississippi valley and the Missouri River, strategic areas that could greatly factor into either side's success or failure. Control of St. Louis and mid-Missouri were vital for controlling the West, and rail lines leading across the state offered an important

connection between eastern states and the communities out west. The Confederacy sought to maintain the Ozark Mountains as a northern border, which allowed concentrations of rebel troops to build in the Mississippi valley. With such valuable stock at risk, Lincoln registered the importance of keeping rebel troops out of Missouri, and so began the conventional battles investigated by Gerteis. The first book-length examination of its kind, *The Civil War in Missouri: A Military History* dares to challenge the prevailing opinion that Missouri battles made only minor contributions to the war. Gerteis specifically focuses not only on the principal conventional battles in the state but also on the effects these battles had on both sides' national aspirations. This work broadens the scope of traditional Civil War studies to include the losses and wins of Missouri, in turn creating a more accurate and encompassing narrative of the nation's history.
