Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Sickly sapling, glorious tree? -- Multilateralism and engagement -- The US global security guarantee and UN collective security -- Always engage : the United States and the Security Council -- Sometimes engage : internal UN management and the General Secretariat, the buyout of the UN-that-works, and containment of the UN-that-doesn't -- Parallel engagement : international development and global human welfare -- Disengage and obstruct : the UN-of-values and the Human Rights Council.
Sommario/riassunto	International legal scholar Kenneth Anderson analyzes US-UN relations in each major aspect of the United Nations' work-security, human rights and universal values, and development-and offers workable, practical principles for US policy toward the United Nations. He addresses the crucial question of whether, when, and how the United States should engage or not engage with the United Nations in each of its many different organs and activities, giving workable, pragmatic meaning to ""multilateral engagement"" across the full range of the United Nations' work.
