Sommario/riassunto	For centuries scholars have been developing ways of studying the bible, through exegesis, historical critique, literary critique, form criticism, and narrative analysis. During the last half century new theoretical approaches have come to the fore. Psychological Hermeneutics takes as its starting point the text itself, and its context - the dynamics of the human document created, the person(s) who authored the text, the original audience for which it was intended, the subsequent audiences to which it spoke, and the factors that were at play behind, in, and in front of the text. The contributio

Sommario/riassunto	As the United States struggled to absorb a massive influx of ethnically diverse immigrants at the turn of the twentieth century, the question of who and what an American is took on urgent intensity. It seemed more critical than ever to establish a definition by which Americanness could be established, transmitted, maintained, and judged. Americans of all stripes sought to articulate and enforce their visions of the nation's

past, present, and future; central to these attempts was President Theodore Roosevelt. Roosevelt fully recognized the narrative component of American identity, and he calle
