Prevention: Cynicism Versus Skepticism; Part II: COMMON PATHWAYS AND INFLUENCES ON ADOLESCENT RISK BEHAVIOR: Section A - Multiple-Problem Youth; 15 - Preventing Multiple Problem Behaviors in Adolescence; 16 - Screening and Early Intervention for Antisocial Youth Within School Settings as a Strategy for Reducing Substance Use 17 - Preventive Interventions for Externalizing Disorders in AdolescentsPart II: Section B - Personality and Other Predispositions; 18 - Genetic Basis of Substance Use and Dependence: Implications for Prevention in High-Risk Youth; 19 - Health Risk Takers and Prevention; 20 - Cognitive Vulnerability to Depression: Implications for Adolescent Risk Behavior in General; Part II: Section C - Peers and Parents; 21 - EMOSA Sexuality Models, Memes, and the Tipping Point: Policy and Program Implications; 22 - Sustaining and Broadening Intervention Effect: Social Norms, Core Values, and Parents Part II: Section D - Media Interventions23 - Adolescent Risk Behavior Research and Media-Based Health Messages; 24 - Using Beliefs About Positive and Negative Consequences as the Basis for Designing Message Interventions for Lowering Risky Behavior; Part III - PERSPECTIVES FROM DIFFERENT RISK RESEARCH TRADITIONS: Section A - Gambling; 25 - Adolescent Gambling: Risk Factors and Implications for Prevention, Intervention, and Treatment; 26 - Understanding Youth Gambling Problems: A Conceptual Framework 27 - A Perspective on Adolescent Gambling: Relationship to Other Risk Behaviors and Implications for Prevention Strategies

---

Sommario/riassunto

Current policies treat adolescent risk behaviours as separate problems requiring separate solutions, ignoring the overlap of many risk behaviours. This text seeks to move beyond the fractured approach of preventing one kind of behaviour at a time and suggests more comprehensive prevention strategies.
