Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Introduction : a policy of secrecy -- Taking hold of the North -- The Danish threat -- An expedition to Ellesmere Land -- A citizen of the British Empire -- Rasmussen in London -- Wrangel Island -- Stefansson in London -- The sector claim -- Conclusion : Canada of itself -- Appendix. Scientists and explorers ordinance.
Sommario/riassunto	As climate change threatens to open the Northwest Passage to ice-free travel, Canadian sovereignty over the Arctic has come to the fore. Although Canada's claim to the Arctic archipelago is now firmly entrenched in the minds of Canadians, less than a century ago, that claim was much less secure. <i>Acts of Occupation</i> draws on a wealth of previously untapped archival sources to piece together the engrossing story of how one explorer's self-serving ambition ultimately led Canada to craft and defend a decisive Arctic policy. Historians Cavell and Noakes show how unfounded paranoia about Danish designs on the north, fueled by a deliberate campaign of deceit and fear-mongering,

was the catalyst for Canada's active administrative occupation of the Arctic. A compelling tale, *Acts of Occupation* throws new light on a transformative period in the history of Canadian Arctic policy and provides much-needed historical context for contemporary debates on northern sovereignty.
