Sample Language for a Postsuicide Intervention Protocol Addressing Student Suicide

Sommario/riassunto

Suicide is the second-leading cause of death among college students. Further, one in ten college students has considered suicide in the past year. Experts have called for a comprehensive, systemic approach to campus suicide prevention that addresses both at-risk groups and the general campus population. Since 2005, 138 colleges and universities have received funding under the Garrett Lee Smith Memorial Act to develop and implement campus suicide prevention programs. This volume highlights successful strategies implemented by grantee campuses. These approaches can serve as models to ad
