Sommario/riassunto	The role of the home, the domestic sphere and the intimate, ethno-cultural identities that are cultivated within it, are critical to understanding the polemical constructions of country and city; tradition and modernity; and regionalism and cosmopolitanism. The home is fundamental to ideas of the homeland that give nationalism its imaginative form and its political trajectory. This book explores positions that are vital to ideas of national belonging through the history of colonial, bourgeois self-fashioning and post colonial identity construction in Sri Lanka. The country remains ce
