Nota di contenuto	The reserve clause -- The baseball trust -- The Supreme Court steps in -- The birth of the antitrust exemption -- Baseball becomes unique -- A political football -- Three months of state antitrust law -- The Curt Flood case -- The end of the reserve clause -- A shrunken exemption.
Sommario/riassunto	The impact of antitrust law on sports is in the news all the time, especially when there is labour conflict between players and owners, or when a team wants to move to a new city. And if the majority of Americans have only the vaguest sense of what antitrust law is, most know one thing about it - that baseball is exempt. This book illuminates the series of court rulings that resulted in one of the most curious features of the US legal system: baseball's exemption from antitrust law.
