Mariah Carey, Halle Berry, and the complexities of racial identity in popular culture. Sommario/riassunto The past two decades have seen a growing influx of biracial discourse in fiction, memoir, and theory, and since the 2008 election of Barack Obama to the presidency, debates over whether America has entered a "post-racial" phase have set the media abuzz. In this penetrating and provocative study, Sika A. Dagbovie-Mullins adds a new dimension to this dialogue as she investigates the ways in which various mixed-race writers and public figures have redefined both "blackness" and "whiteness" by invoking multiple racial identities. Focusing on several

key novels-Nella Larsen's Quicksand
