

1. Record Nr.	UNINA9910779693303321
Autore	Andreas Peter <1965->
Titolo	Smuggler nation [[electronic resource]] : how illicit trade made America // Peter Andreas
Pubbl/distr/stampa	New York, : Oxford University Press, c2013
ISBN	0-19-930161-1 1-299-45699-5 0-19-930160-3
Descrizione fisica	1 online resource (xiii, 454 p.) : ill., maps
Disciplina	364.1/3360973
Soggetti	Smuggling - United States - History United States Commerce History United States Foreign economic relations United States Economic conditions
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Formerly CIP.
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	America is a smuggler nation. Our long history of illicit imports has ranged from West Indies molasses and Dutch gunpowder in the 18th century, to British industrial technologies and African slaves in the 19th century, to French condoms and Canadian booze in the early 20th century, to Mexican workers and Colombian cocaine in the modern era. Providing a sweeping narrative history from colonial times to the present, Smuggler Nation is the first book to retell the story of America-and of its engagement with its neighbors and the rest of the world-as a series of highly contentious battles over clandestine commerce. As Peter Andreas demonstrates in this provocative and fascinating account, smuggling has played a pivotal and too often overlooked role in America's birth, westward expansion, and economic development, while anti-smuggling campaigns have dramatically enhanced the federal government's policing powers. The great irony, Andreas tells us, is that a country that was born and grew up through smuggling is today the world's leading anti-smuggling crusader. In tracing America's long and often tortuous relationship with the murky

underworld of smuggling, Andreas provides a much-needed antidote to today's hyperbolic depictions of out of control borders and growing global crime threats. Urgent calls by politicians and pundits to regain control of the nation's borders suffer from a severe case of historical amnesia, nostalgically implying that they were ever actually under control. This is pure mythology, says Andreas. For better and for worse, America's borders have always been highly porous. Far from being a new and unprecedented danger to America, the illicit underside of globalization is actually an old American tradition. As Andreas shows, it goes back not just years but centuries. And its impact has been decidedly double-edged, not only subverting but also empowering America.
