 Unusual Punishment"
 Living Without Intimacy is Hard, But Who Cares?

Sommario/riassunto

<P>A growing epidemic, Alzheimer's punishes not only its victims but also those married to them. This book analyzes how Alzheimer's is quietly transforming the way we think about love today. Without meaning to become rebels, many people who find themselves ""married to Alzheimer's"" deflate the predominant notion of a conventional marriage. By falling in love again before their ill spouse dies, those married to Alzheimer's come into conflict with central values of Western civilization - personal, sexual, familial, religious, and political. Those who wait sadly for a spouse's death must sometim
