Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Friendship and the fabric of society -- Structuring friendship opportunities -- Social boundaries in the context of friendship -- Interpersonal techniques for managing social boundaries -- "Bridging the gap" through friendship.
Sommario/riassunto	Past research on diverse friendships has focused on how rare they are while the research presented here focuses on the successes of the few. This monograph traces the process by which friends overcome the social differences between them, starting with an in-depth look at friendship and friendship patterns in our society, how these boundaries shape the friendships themselves, how opportunities to establish such friendships are structured, and the interpersonal techniques for managing social differences.
