Sommario/riassunto	The development paradigm has shifted toward private investment, and the private sector has become central in development strategies. There is much to be learned about how to effectively facilitate and mobilize private sector contributions to development. Effective monitoring and evaluation (M and E) systems are critical for learning to catalyze private sector development. In line with this advance, the International Finance Corporation and the Multilateral Investment Guarantee Agency are developing and refining their M and E efforts. In this Biennial Report on Operations Evaluation, the Indepen
