Sommario/riassunto	<p>You think it can't happen to you, but it can. One day, months into your construction project, your front end load operator runs into bones and wooden slats. Your county coroner says it is not a crime scene, and refers you to the local archaeology department. The archaeologist tells you that it is a very important discovery. Work stops. Archaeological discoveries happen all the time in the course of projects. Most are manageable, some are less so, and some are mismanaged, wasting time and money. If you are not prepared, the consequences can be disastrous. This book is for project engin</p>

Sommario/riassunto	The economic success of Singapore has established the country as a model for other nations. Yet until now the ideas behind this accomplishment have not been critically examined. Communitarian Ideology and Democracy in Singapore fills this gap. The book outlines the policies the ruling party has adopted over the past three decades. It charts the government's move away from Western concepts towards the evolution of 'Asian democracy'. The author analyses this anti-liberal democracy and the government's motives for repackaging cultural

heritage into a national ideology of Asian commun
