Nota di contenuto	[1] Sustainable finance for the poor
Sommario/riassunto	This book focuses on how the demand for microfinance can be met on a global scale. It documents the contributions of institutions and of people who have led the development of commercial finance for the poor, and it analyzes the principles on which the microfinance revolution is based. In sum, this work offers a detailed overview of the development of microfinance over the past 20 years; a global view of microfinance in the developing world (largely excluding Eastern Europe); a thesis on the future path of microfinance; a coherent theory about microfinance--why it works when so many other deve
