Sommario/riassunto	Much of the discussion of Russia's recent post-Communist history has amounted, both in Russia and the West, to a series of monologues by strong-minded people with starkly divergent views. In contrast, Padma Desai's conversations with influential, intelligent participants and observers provide the reader with a broad, nuanced view of what has

and has not happened in the last fourteen years, and why. Conversations from Russia will thus serve as a much-needed reference volume, both for academics who study Russia and for laypeople who only have vague perceptions of what has occurred in Russia since

2. Record Nr.	UNINA9910780067003321
Autore	Stebbing Chantal

Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 05 Oct 2015).
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Foreword / Lord Templeman -- The Trustee -- 1. Challenges to trusteeship -- 2. The relationship with the settlor -- 3. The relationship with the beneficiaries -- 4. The relationship with co-trustees and agents -- 5. Trustees in the commercial context -- 6. Transgressions by trustees.
Sommario/riassunto	The trust was a popular device among the Victorian middle classes to preserve their private property for the benefit of their families. At the centre of this legal institution was the trustee, whose duty it was to manage the property as the original owner wished. In their task of managing the property, Victorian trustees found themselves in a society which was changing rapidly and extensively, a new commercial and dynamic society which had a profound effect on their ability to

carry out their duties. This book explores the legal response to the challenges faced by trustees, and does so through the varied relationships which trustees necessarily experienced in the course of their administration. A consideration of the legal dimension to trusteeship, this book sets the trustee in his legal, social and economic context. It will be of interest to legal historians, as well as to historians of nineteenth-century Britain.
