Nota di bibliografia	Includes bibliographical references (p. 227-243) and index.
Nota di contenuto	Contents; Acknowledgments; introduction; Chapter 1; Chapter 2; Chapter 3; Chapter 4; Chapter 5; Chapter 6; Conclusion; Notes; Bibliography; Index
Sommario/riassunto	In the late nineteenth century, scientists began allying themselves with America's corporate, political, and military elites. They did so not just to improve their professional standing and win more money for research, says Patrick McGrath, but for political reasons as well. They wanted to use their new institutional connections to effect a transformation of American political culture. They succeeded, but not in ways that all scientists envisioned or agreed upon. McGrath describes how, between 1890 and 1960, scientific, business, and political leaders together forged a new definition o
