Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Book Cover; Title; Contents; List of figures, tables and matrices; Acknowledgements; INTRODUCTION: A SPECTRUM OF POLICY APPROACHES; JAPAN; FRANCE; GERMANY; UNITED STATES; BRITAIN; ISSUES OF CONCERN; Index
Sommario/riassunto	The potential ease with which transnational corporations can relocate their activities gives them great leverage over individual governments. The authors outline the various policies that the world's major economies have adopted to cope with the unique issues created by transnationals. They reveal that there has been a marked contrast in the level of concern about transnationals' activities across the countries studied, and that this has resulted in significantly different approaches towards transnationals.
