Nota di contenuto	1: Housing and Privacy -- 2: Interiors -- 3: The House in Its Setting -- 4: Privacy and the Canadian Home
Sommario/riassunto	"Homes are our most personal, private places, at the heart of how we conceive of life outside the public sphere. A History of Domestic Space explores how domestic architecture has shaped and been shaped by family and social relationships over the past three centuries. The changing form, setting, and technology of the home have profoundly affected our opportunities for individual privacy within a family and family privacy within a community."--Jacket
