| Sommario/riassunto      | "Brian Douglas Tennyson's Cape Bretoniana is the first bibliography to  |

gather together all known publications relating to the history, culture, economy, and politics of Cape Breton Island. With more than six thousand entries, it not only provides a comprehensive listing of publications and post-graduate theses, but also detailed annotations on the listings. Each entry lists the author, title, place of publication, publisher, date of publication, volume and issue number in the case of periodicals, and page references, followed by a brief description of the item."--Jacket.
