Sommario/riassunto	The whole world is changing with incredible speed towards something radically new, yet people across the globe also show resistance to the forces that homogenize our lives. This book deals with a community that has found its niche in the remote Niamgiri mountain range of Odisha (India) and is struggling to preserve its way of life: the Dongria Kond. In recent years, they made the headlines as the real "Avatars" because they successfully fought a multinational company's plans to mine the mountains. From the perspective of the Dongria Kond, these mountains are the seat of gods, and the whole environment is animated by spiritual forces. This highly complex cosmic order includes humans and non-humans and rests on a divine law (niam). This book captures

the viewpoint of the Dongria Kond and provides deep insights into their vision of the world. It offers elaborate accounts of how the Dongria relate to the outside world, conceive of their own society and engage in complex rituals in order to (re-)establish the cosmos. The book confronts the reader with radically different imaginings of familiar human concerns: love, fertility, wealth, status and well-being.

2. Record Nr.	UNINA9910467652503321
Autore	Merriman David

Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Virgil into Statius into Dante -- Chaucer and Spenser and other male couples -- Crane on Whitman -- Eliot with Bloom, Barthes with O'Hara.
Sommario/riassunto	Using concepts from queer theory and close readings of images and allusions in these texts, <i>Loving in Verse</i> demonstrates the importance of homoeroticism to an examination of poetic influence. A discussion of the theories of poetic influence from four twentieth-century writers (T.S. Eliot, Harold Bloom, Roland Barthes, and Frank O'Hara) concludes Guy-Bray's analysis."--Jacket. "Loving in Verse examines how three poets present their relationship to their most important predecessors, beginning with Dante's use of Virgil and Statius in the <i>Divine Comedy</i> , moving on to Spenser's use of medieval English poets in the <i>Faerie Queene</i> , and finally addressing Hart Crane's use of Whitman in <i>The Bridge</i> . In each case, Guy-Bray shows how the younger poet presents himself and the older poet as part of a male couple. He goes on to demonstrate how male couples are, in fact, found throughout these poems, and while some are indeed familial or hostile, many are romantic or sexual.
