Sommario/riassunto	This book takes a fresh and critical look at the leading sources of global risk - terrorism, disease, crime, poverty, environmental damage and others - and sets out a practical way to respond far better than we have to each risk area. Drawing from his state-of-the-art knowledge of global strategy as applied in the business world, the author provides analysis, insight, realistic strategies, and hope for a better way forward. His foresight has already been demonstrated. Early in the year 2000, he wrote: "Sadly, the history of mass terrorism is just about to be written. ... Even the US is no longer
