Sommario/riassunto	This timely book reviews how South Asia is rising to the challenge of globalization. In particular, how are South Asian countries maximizing the benefits of globalization whilst minimizing its costs? What lessons have these countries learned from the East Asian financial crisis? What actions have they taken at the national, regional, and global level? Some important topics covered in this book include policy reforms and economic integration in South Asia, comparisons between South Asia

(mainly India) and China, and economic linkages between South Asia and East Asia including the possibility of
