Sommario/riassunto	David Ruggles (1810-1849) was one of the most heroic--and has been one of the most often overlooked--figures of the early abolitionist movement in America. Graham Russell Gao Hodges provides the first biography of this African American activist, writer, publisher, and hydrotherapist who secured liberty for more than six hundred former bond people, the most famous of whom was Frederick Douglass. A forceful, courageous voice for black freedom, Ruggles mentored

Douglass, Sojourner Truth, and William Cooper Nell in the skills of antislavery activism. As a founder of the New York Committee of Vigil

Sommario/riassunto	"The essays in this volume address the conundrum of how Jewish believers in the divine character of the Sinaitic revelation confront the essential questions raised by academic biblical studies. The first part is an anthology of rabbinic sources, from the medieval period to the present, treating questions that reflect a critical awareness of the Bible. The second part is a series of twenty-one essays by contemporary rabbis and scholars on how they combine their religious beliefs with their critical approach to the Bible."
