Sommario/riassunto	The Philosophy of Religion is one result of the Early Modern Reformation movements, as competing theologies purported truth claims which were equal in strength and different in contents. Renaissance thought, from Humanism through philosophy of nature, contributed to the origin of the modern concepts of God. This book explores the continuity of philosophy of religion from late medieval thinkers through humanists to late Renaissance philosophers, explaining the growth of the tensions between the philosophical and theological views. Covering the work of Renaissance authors, including
