Sommario/riassunto	Luca Bertolini stelt in zijn oratie dat het leven in een mobiele samenleving beleidsmakers met bijzondere dilemma's confronteert. Contemporaine leefstijlen en bedrijfsmatige praktijken zijn sterk afhankelijk van mobiliteit. Mensen wonen op de ene plek, werken op een tweede, en recreëren of socialiseren op nog eens een derde. De productie en consumptie van goederen en diensten zijn ruimtelijk diffuse, wereldomvattende processen. Tegelijkertijd zijn de negatieve effecten van mobiliteit, en het besef daarvan, groot. Sommario/riassunto	Diaspora Business is a unique book taking an overarching view to diaspora and business on a global scale. It examines diaspora in the global economy and marketplace from interdisciplinary perspectives. Moreover, it provides numerous discussions on concepts, roles, activities, organizational forms and institutional dimensions combined

with empirical research. The scope of the book includes developed, emerging and developing country contexts and matches those to strategic perspectives on management, utilization and employment of diasporas and their resources. The authors represent diverse nationalities and ethnicities, and thus enrich the book with their particular viewpoints. The book is structured in four parts; the first one concentrates on diaspora business, investment and trade, the second one on diaspora entrepreneurship and internationalization, the third one on diaspora networks, roles and social capital, and the fourth part focuses on diaspora frameworks, institutions and policy making.
