Descrizione fisica	xiii, 126 p
Altri autori (Persone)	NadigLori AltevogtBruce M
Soggetti	H1N1 influenza - Vaccination
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Introduction -- Vaccine supply -- Vaccine distribution -- Implementation of ACIP recommendations -- Vaccine administration methods and partners -- Vaccination rates in certain populations -- Data collection, monitoring, evaluation, and use -- Communications and media -- Funding and payment issues -- Research and planning -- Final remarks.
Sommario/riassunto	"The 2009 H1N1 vaccination campaign was one of the largest public health campaigns in U.S. history, vaccinating one-quarter of the population in the first three months. The Institute of Medicine held three workshops in Raleigh, NC; Austin, TX; and Seattle, WA to learn from participants' experiences during the campaign and improve future emergency vaccination programs."
