Sommario/riassunto	In this ground-breaking book, Eric Selbin argues that we need to look beyond the economic, political, and social structural conditions to the thoughts and feelings of the people who make revolutions. In particular, he argues, we need to understand the stories people relay and rework of past injustices as they struggle in the present toward a better future.

Sommario/riassunto	If he is to become a man, what sort of man should Thomas Page McBee be? To find out, Thomas must confront the suffering he has endured at the hands of men: the abuse he endured as a child from his father, and the violent mugging which almost killed him as an adult.
