Sommario/riassunto	This book addresses the ambiguities of the growing use of private security contractors and provides guidance as to how our expectations about regulating this expanding 'service' industry will have to be adjusted. In the warzones of Iraq and Afghanistan many of those who carry weapons are not legally combatants, nor are they protected civilians. They are contracted by governments, businesses, and NGOs to provide armed security. Often mistaken as members of armed forces, they are instead part of a new protean proxy force that works alongside the military in a multitude of shiftin
