Sommario/riassunto	This book focuses on organizational development for increased business performance. The text and models cover process management, leading to change management and organizational development. Burtonshaw-Gunn and Salameh show that process implementation in any business depends on two key factors. First, the role of knowledge management in organizational and individual improvement is vital. Secondly, performance management for individual employees, and collaboration between organizations can bring about lasting change and development. Each chapter presents a balance

between the organization's and
