Tools -- 7. Silent Speech -- 8. Beasts of Battle -- 9. The Flesh Made Word -- 10. Coda -- Bibliography -- Index
Sommario/riassunto	Perhaps the most enigmatic cultural artifacts that survive from the Anglo-Saxon period are the Old English riddle poems that were preserved in the tenth century Exeter Book manuscript. Clever, challenging, and notoriously obscure, the riddles have fascinated readers for centuries and provided crucial insight into the period. In Say What I Am Called, Dieter Bitterli takes a fresh look at the riddles by examining them in the context of earlier Anglo-Latin riddles. Bitterli argues that there is a vigorous common tradition between Anglo-Latin and Old English riddles and details how the contents of the Exeter Book emulate and reassess their Latin predecessors while also expanding their literary and formal conventions. The book also considers the ways

in which convention and content relate to writing in a vernacular language. A rich and illuminating work that is as intriguing as the riddles themselves, *Say What I Am Called* is a rewarding study of some of the most interesting works from the Anglo-Saxon period.
