Sommario/riassunto	Cet ouvrage d'essais se propose de reconstruire les échanges, les réactions, les affinités et les ruptures qui se sont produits entre les univers culturels sanskrit et tamoul au cours de la période médiévale. Les intellectuels qui créèrent les oeuvres au sein de ces deux univers circulaient aisément entre ces domaines que l'indianisme a souvent eu tendance à compartimenter. Les onze contributions qui composent ce

volume tentent de dépasser cette perspective trop étroite, valorisant ainsi la richesse et la complexité de la synthèse culturelle qui prit forme dans l'Inde du Sud à cette époque. Grâce à l'examen attentif de l'articulation des identités, des pratiques et des savoirs dans des textes de genres divers composés en tamoul ou en sanskrit (autant qu'en prakrit et en malayalam), ces essais offrent un tableau unique de par sa profondeur historique et sa complexité conceptuelle de l'Inde du Sud au moyen âge et, tout en utilisant des démarches novatrices dans la façon d'étudier et d'interroger les phénomènes transculturels, rendent compte de l'énorme quantité de travail qui reste à faire dans ce domaine. This collection of essays aims to trace the exchanges, responses, affinities and fissures between the worlds of Sanskrit and Tamil literary cultures in the medieval period. The literati who produced the works in these languages moved freely between domains that earlier Indological scholarship has tended to compartmentalise. The eleven studies presented in this volume strive to move beyond this narrow perspective and thus do justice to the richness and complexity of the cultural synthesis that took shape in South India in this period. By looking at the articulation of identities, practices, and discourses in texts of a range of genres composed in Tamil and Sanskrit (as well as Prakrit and Malayalam), these essays supply a picture of South India in the medieval period that is unique in its historical depth and conceptual complexity and demonstrate innovative ways to...

2. Record Nr.	UNINA9910781207403321
Autore	McDonough John E (John Edward)
Titolo	Inside national health reform [[electronic resource]] / John E. McDonough

Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	The knowledge base : why national health reform? -- Social strategy : Massachusetts Avenue -- Political will I : prelude to a health reform campaign -- Political will II : a health reform campaign -- Title I : the three-legged stool -- Title II : Medicaid, CHIP, and the governors -- Title III : medical care, Medicare, and the cost curve -- Title IV : money, mammograms, and menus -- Title V : who will provide the care? -- Title VI : the stew -- Title VII : bio-similar biological products -- Title VIII : class act -- Title IX : paying for the ACA or about half of it -- Title X-plus : the manager's amendment and the reconciliation act.
Sommario/riassunto	This indispensable guide to the Affordable Care Act, our new national health care law, lends an insider's deep understanding of policy to a lively and absorbing account of the extraordinary-and extraordinarily ambitious-legislative effort to reform the nation's health care system. Dr. John E. McDonough, DPH, a health policy expert who served as an advisor to the late Senator Edward Kennedy, provides a vivid picture of the intense effort required to bring this legislation into law. McDonough clearly explains the ACA's inner workings, revealing the rich landscape of the issues, policies, and controversies embedded in the law yet unknown to most Americans. In his account of these historic events, McDonough takes us through the process from the

2008 presidential campaign to the moment in 2010 when President Obama signed the bill into law. At a time when the nation is taking a second look at the ACA, Inside National Health Reform provides the essential information for Americans to make informed judgments about this landmark law.
