Sommario/riassunto	The primary focus of this volume is to support practice by individuals and teams that deal directly either with individuals diagnosed with mental disorder or with those whose presentation causes the same dilemmas for practitioners. The book draws on experience gained across a wide spectrum of settings: within the NHS, the National Offender Management Services (NOMS) and the wider criminal justice services, as well as various services for children, young people and their families.The subject matter of this text covers antisocial, offending and challenging behaviours: in particular behaviours th
